

FUDGE MIXING KETTLE

FOR PERFECTLY PREPARED FUDGE

Multiple Temp Settings

140°F, 160°F & 180°F

Gentle Heat

No Scorching

Constant Agitation & Quiet Operation

With a Direct Drive Motor

The Groen Fudge Kettle is a double-wall, water-jacketed, stainless steel kettle with a unique lock-in-place agitator for thorough and gentle mixing.

- Long-lasting, heavy-duty kettle body with reinforced rim and mirrored finish
- Simple, easy-to-use controls
- Produces half and full batches
- Unique agitator is easy to remove and clean
- Pour handle can be easily set up for left or right hand operation
- Pouring height allows filling of 2" deep pans while sitting on the table
